NetApp Storage Labs

NETAPP STORAGE RACK I	NETAPP STORAGE RACK II	METROCLUSTER RACK

Fast Lane offers a training and demo lab environment, unrivalled worldwide, to cover every of aspect of high-end networking. Featuring state-of-the-art devices and technologies, the labs and accompanying first-class service, raise the bar for training quality. In addition, these labs are accessible to consultants anywhere, enabling customers to experience and live-test the latest technologies.

NetApp Training Offerings

Fast Lane is the only global NetApp Learning Partner. We offer the full NetApp curriculum in more than 50 countries and 12 languages. All our instructors are NetApp-certified specialists with extensive practical experience in the storage environment.

NetApp™
Authorized Learning Partner

NETAPP TRAINING UNITS

NetApp Training Units (TUs) are accepted as payment for all Fast Lane delivered NetApp courses. Simply quote your NetApp PO number when registering for a course. One day of training requires 12 TUs per student.

NETAPP STORAGE & DATA CENTER LABS

NetApp training extends far beyond classroom theory, enabling every course participant opportunities to gain hands-on experience installing, configuring, and troubleshooting these systems. Fast Lane offers you unique lab environments for NetApp storage solutions. Learn more about our NetApp labs: **www.flane.it/courses/netapp**

NetApp certification is proof that you have the skills necessary to manage and deploy NetApp technologies to best meet the needs of your company. The NetApp certification program is structured to offer storage professionals a strong foundation and a comprehensive range of specializations to choose from. Fast Lane delivers the courses you need to prepare for the certification you desire.

About Fast Lane - GKI

a *Fast Lane* Business

Specializing in high-end IT projects and the development of professional IT qualifications, Fast Lane is there for you in more than 50 countries across all continents. Fast Lane has developed its own training programs and partnered with leading technology vendors such as Cisco, NetApp, VMware and more to offer you a comprehensive training solution. The training program encompasses core technologies as well as special training in the areas of data center, virtualization, unified communications, collaboration, security, and wireless technologies. Fast Lane also provides consulting - advising companies on the selection of future-focused IT solutions and providing support throughout the development phases.
